REAL ALE PUBS IN MANCHESTER CITY CENTRE (TRAFFORD & HULME BRANCH)

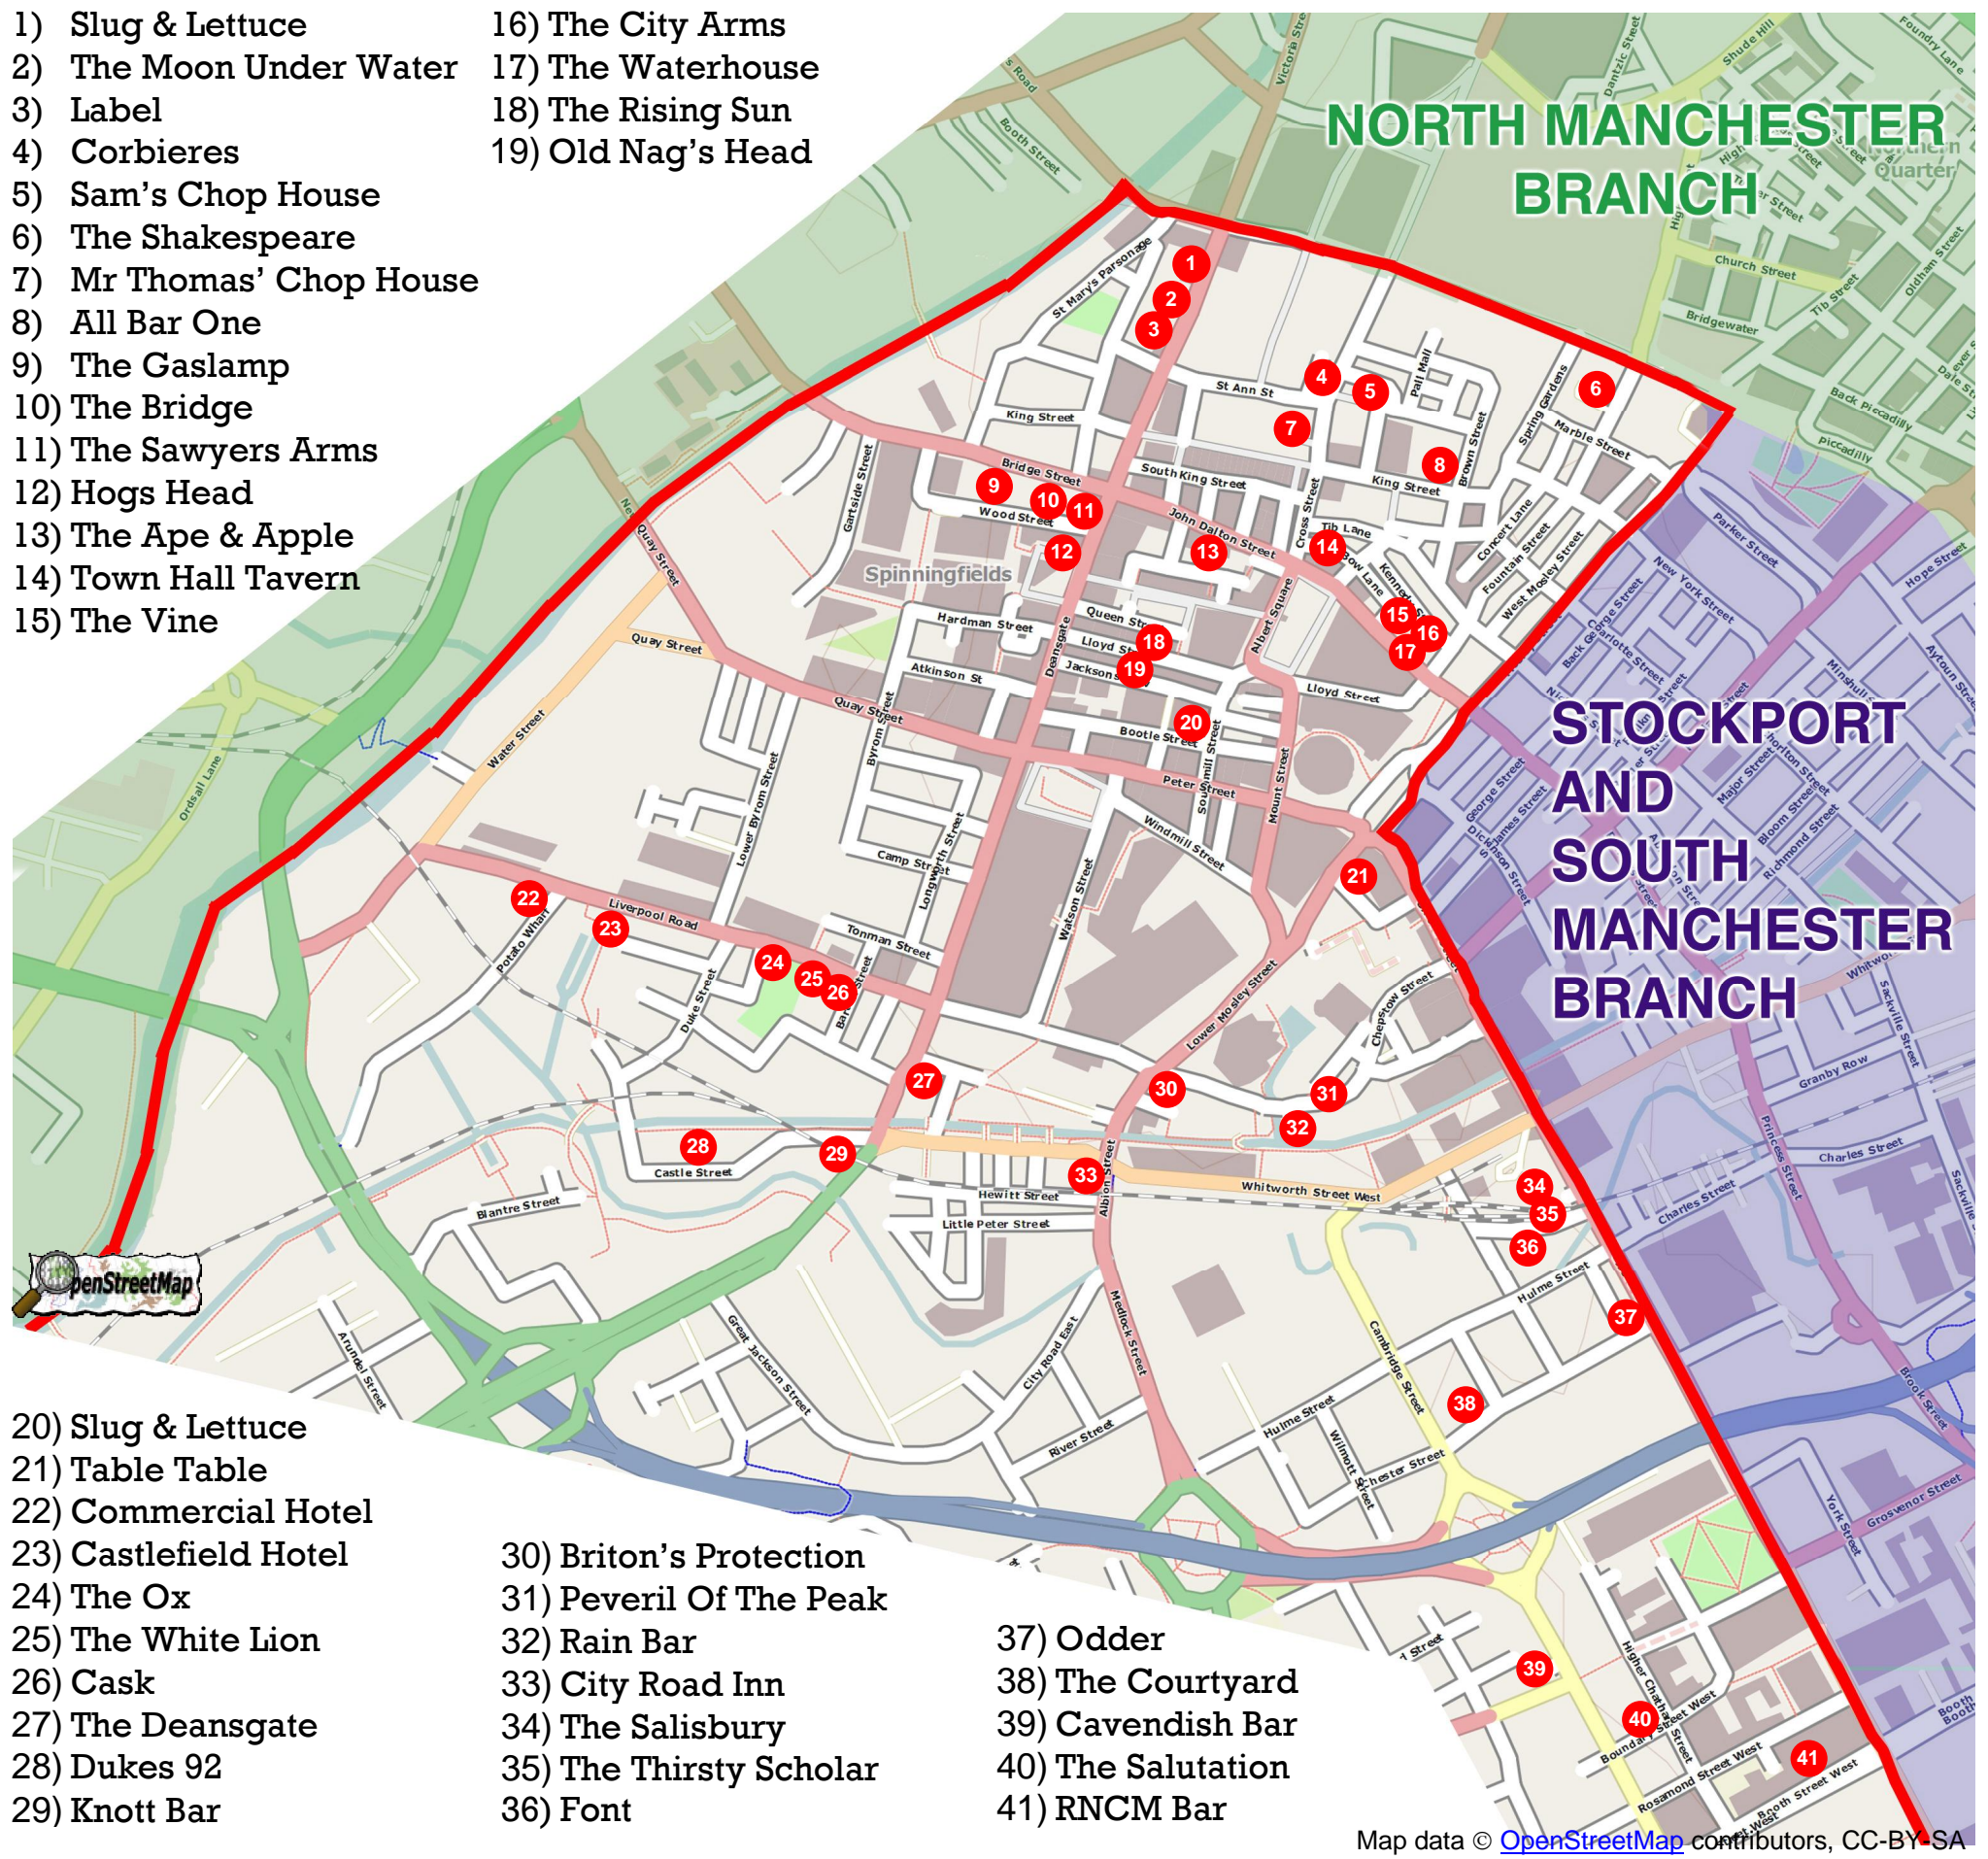

TRAFFORD
AND HULME
CAMRA

For historical reasons, Manchester City Centre is covered by three separate branches of The Campaign For Real Ale: Stockport & South Manchester branch, North Manchester branch and Trafford & Hulme branch.

There are many excellent pubs selling top quality real ale across the city. This map shows the pubs in the city centre that lie the Trafford & Hulme Branch area.

As well as campaigning for greater appreciation of traditional beers, ciders & perries as part of our national heritage and culture, CAMRA also acts as a consumer champion for all aspects of the drinks industry – including campaigning on behalf of pubs as a focus of community life. The British pub is more under threat than ever before with many every week being forced to close.
