# MANCHESTER PUBS BY TRAM

## No.2: SOUTH MANCHESTER LINE

Manchester Metrolink's rapid & frequent service is ideal for visiting the many pubs & bars along its route. The expansion of the network taking place between 2011 & 2016 offers the ideal opportunity for days out exploring new areas.

The South Manchester line opened in July 2011 taking the network to the thriving suburb of Chorlton with three new stops at Firswood, Chorlton & St Werburgh's Road. By 2016 the line will extend to Manchester Airport.

The area served by the line is bursting with traditional pubs and modern bars. Such is the choice on offer that rather than listing one pub near each station, this guide shows where all the pubs and bars are in relation to the stations.

Alight at one stop and visit its closest pubs or take a stroll via your choice of hostellers to the next station.

All the pubs and bars shown serve traditional cask conditioned ale (with many also serving traditional cider) & none are more than 10 minutes walk from a tram stop.
